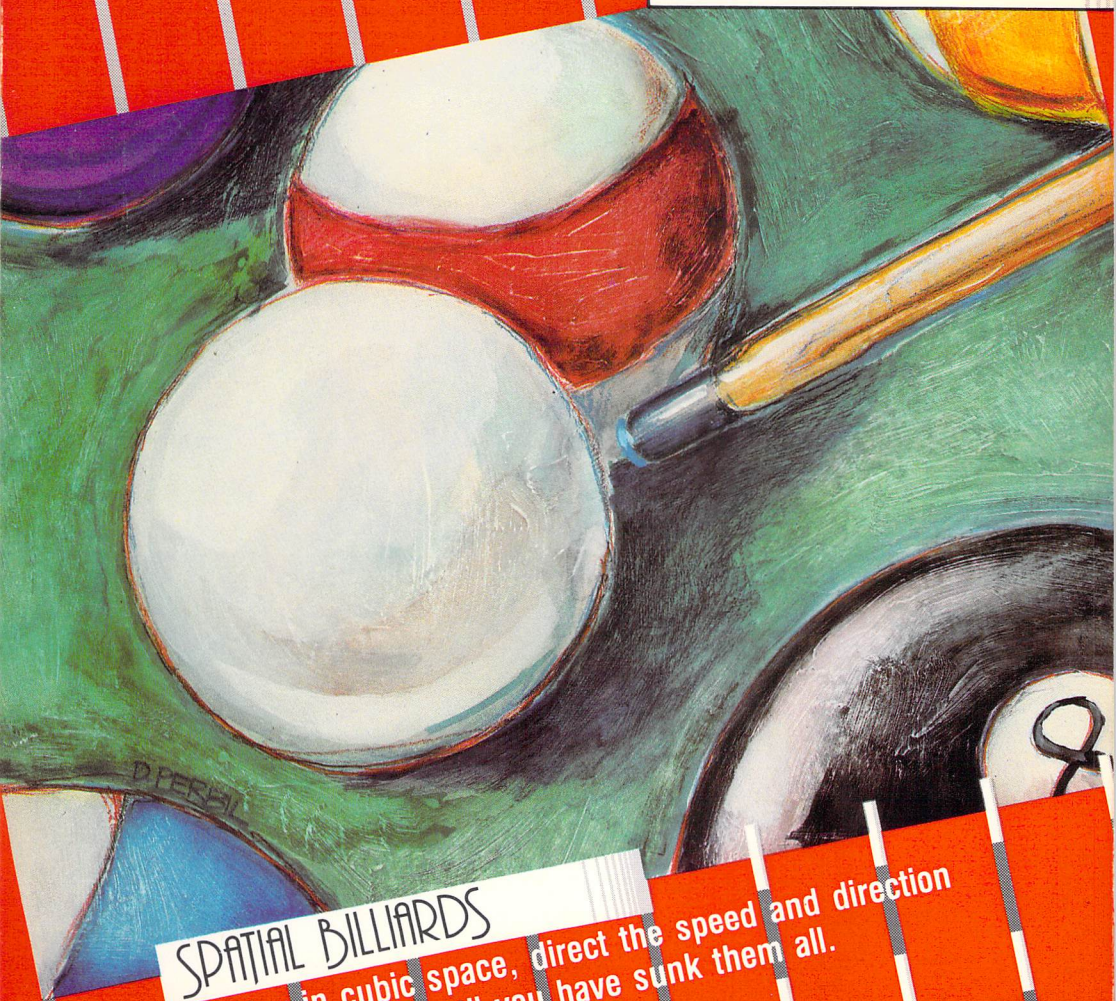
GAMEWARE™



SPATIAL BILLIARDS

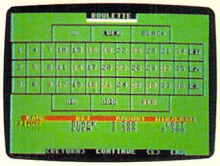
Become a 3-D pool hustler with this machine code billiards game. Three separate game variations, allowing for varying speed and directions, as well as different relationships between the balls. Up to four players can compete for top position in the pool hall. Score by putting balls in the pocket, or in a particular order. The joystick controls movements.

DEVELOPED BY ANDROMEDA SOFTWARE



CASINO

Who needs a bookie? Experience real-life gambling excitement with this combination of three favorites: horse racing, roulette and craps. You can switch from one event to another through the menu. The dice are rolling --- and they're hot! Next stop, Las Vegas.

Get acquainted with the whole line of **GAME**WARE software soon. It's all affordable, high quality, copyrighted software, complete with documentation. In short, it's something you just can't afford to pass up.
